

BONAVENTURE
RESORT & SPA

Ten Reasons to Have a Conference at the Bonaventure Resort & Spa

- 1. With 80,000 Sq. Ft. of meeting space, the Bonaventure Resort and Spa has the best meeting space and flow for a conference in South Florida -no question on this -it is a fact! All of the space is on one level-no elevators, escalators, or basement.**
- 2. With 500 guest rooms, Bonaventure is the 3rd largest hotel in South Florida able to commit to a complete property buyout of 500 rooms on a peak night. Many competitors do not encourage property buyouts, Bonaventure welcomes them!**
- 3. Groups utilizing 350+ guests room on peak will literally takeover the hotel. This lends itself to private opening reception at the main pool for example as well as use of all meeting space and outlets. Beach competitors cannot do this as they must cater to transient guests and families-they cannot turn over their entire hotel or close their pool for a large client affair.**
- 4. Bonaventure uniquely offers 100 spacious suites! Most of the competitors have between 8-15 suites. Providing substantially more suites than groups are accustomed to having bring a more customized experience for attendees.**
- 5. Located just 15 minutes from the ocean offers groups easy access to the beach while maintaining minimal distractions during events and programs. Being in western Fort Lauderdale lends itself to very attractive pricing for groups that want a South Florida experience but cannot afford the beach.**

6. **Flexibility in meeting space is a unique Bonaventure feature. Offering an amphitheater that can seat 175, two large ballrooms with adjoining spacious pre-function creates a natural flow for larger conferences, along with a unique bi-level permanent lounge setting ideal for entertainment or other functions accommodating up to 150. Unlike the competitors the Bonaventure has IACC inspired conference center space surrounded by guests room; every guest is within close proximity to general sessions, events and programs.**
7. **Bonaventure's own aLaya Spa is the 2nd largest in the state of Florida. Featuring 31 treatments rooms, private pool, spa café and internationally renowned BB3 Training Center it is considered to be one of the top 10 spas within the United States. Given the size of the spa, treatments and classes available aLaya is able to prove incentive groups outstanding programs. Additionally, the newly renovated gym is available 24-hours, and personal trainers are available. aLaya Spa also can offer customized breaks and receptions for up to 500 both inside and outside.**
8. **One of four on-site dining outlets includes the AAA Four Diamond Ireland's Steakhouse and is considered one of the top 5 steak and seafood restaurants in south Florida. Ireland's welcomes private groups of 10 for entertaining or take over the entire outlet for an upscale dining experience**
9. **Bonaventure has a partnership with the neighboring PGA championship Bonaventure Country Club golf course, newly renovated and within 2 minutes of the hotel. No other hotel in the greater Fort Lauderdale can offer this!**
10. **There are many more reasons why the Bonaventure Resort & Spa prides itself on service to groups and events. Discover for yourself why the 2014 national Meeting Professionals International conference, Florida's premier senior leadership travel show-Florida Huddle, high level corporate meetings and incentives, national religious conventions, and professional and college sport teams all use and have committed to The Bonaventure Resort and Spa as their headquarters hotel!**
